

The Gordian Knot.
The Astronomy Quiz.
May 16th 2021 IST

Problem Statement:

This is an online quiz, where participants will be asked several interesting questions based on astronomy and related areas. The quiz will have a single round, and will comprise several objective and short answer type questions, for which they will be given a time of about 35 minutes.

Judging Criteria:

- The points distribution for the questions will be specified on the question paper.
- If two or more participants get the same score at the top spots, there will be a tie-breaker round, in which, the participants will be asked a few more questions, on the basis of which the rank shall be decided.

Rules and Regulations:

1. Participants must be present at the specified meeting link at least 5 minutes before the commencement of the event.
2. As it is an online event, usage of books and internet will be allowed (questions shall be framed accordingly), but sharing answers, or any other form of cheating and/or misdemeanor will be inspected, and if confirmed, will lead to disqualification straightaway, and may even demerit your participation in other events in Astrax.
3. Organizers reserve the right to modify the rules at any point in time, with a prior intimation to registered participants.
4. In case of any dispute, the organisers' decision will be considered final.

Instructions :

- Meeting link and additional details will be mailed to all participants before the event.
- The first 5-10 mins will be for instructions, the quizmaster will tell you how to use the platform.
- For the whole duration of the quiz participants will be connected by google meet.

More details regarding the event (timings, online platform to be used, etc.) shall be shared with you soon!

In case of any doubt/concern regarding the event, contact the co-ordinators or write a mail to all@astrax.in
